About Battcon 2025

Battcon is a high-energy mix of industry-specific presentations, panels, seminars and workshops, plus, two evenings of one-on-one conversations at the battery-themed trade show.

More than 500 storage battery users meet at Battcon for three days of professional development and networking focused on the design, selection, application and maintenance of stationary battery systems.

Data center, telecom or utility industry professionals who are working in mission-critical facilities or are involved in the development of stationary batteries and related equipment will find the Battcon experience is second to none.

What Sets Battcon Apart

Exclusive Insights on Battery Tech Trends

Connect with key stationary battery users and innovators

Open discussion panels and breakout workshops geared to the utility, data center and telecom segments

Real work application & networking

Engage in hands-on learning with tutorials and show-and-tell sessions

Learn how to apply best practices to the manufacturing, safety, selection, installation and use of stationary batteries.

Network with industry experts and competitors
