About Battcon 2026

Battcon is a high-energy mix of industry-specific presentations, panels, seminars and workshops, plus, one evening and a lunch of one-on-one conversations at the battery-themed trade show.

More than 500 storage battery users meet at Battcon for three days of professional development and networking focused on the design, selection, application and maintenance of stationary battery systems.

Data center, telecom, utility, BESS or Fire industry professionals who are working in mission-critical facilities or are involved in the development of stationary batteries and related equipment will find the Battcon experience is second to none.

What Sets Battcon Apart

Connect Across the Entire Energy Storage Ecosystem

Meet decision-makers, engineers, and innovators from utilities, data centers, and telecom sectors.

Build partnerships and engage directly with qualified end-users shaping the future of stationary energy storage.

Gain Technical Insight That Drives Real-World Results

Access vendor-neutral education from experts who turn complex battery challenges into actionable strategies.

Learn proven methods to improve performance, reliability, and safety in critical power systems.

Showcase and Discover Innovation That Matters

Explore the latest advancements in stationary batteries, ESS, and power reliability tools.

For exhibitors, it's the most targeted opportunity to demonstrate technology to an audience seeking real solutions.

Elevate Your Brand and Industry Influence

Position your company among the leaders driving innovation in energy storage.

From networking and thought leadership to sponsorship visibility, Battcon amplifies your credibility and commercial impact.
